More About Us

History

Granna's has been in operation since 2003, operating in Bessie, Oklahoma. We are family owned and operated. We started off producing four entrees, including our famous homemade chili.

Our plant packaged and shipped our chili to grocery stores across Oklahoma. After a few years an idea was brought to us to make meals for other organizations in need of pre-prepared meals in the Oklahoma. We took up the idea and ran with it.

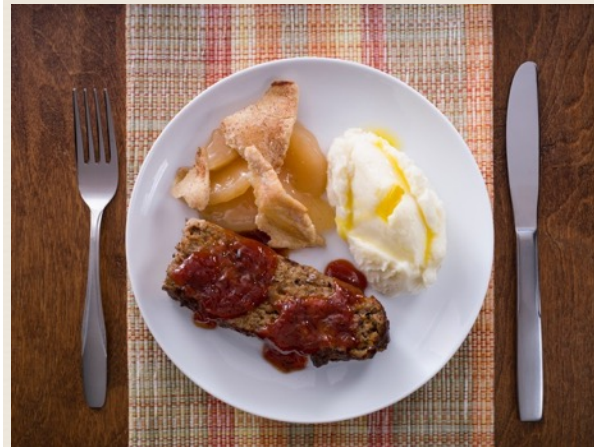

Continued

Since our startup, we have continuously expanded our menu but kept the same high-quality taste in our meals.

We are always looking to improve our meals and menus to best provide for our customers.

We currently sell most of our products through Sysco Food Service of Oklahoma, Ben E Keith, and Tankersley Foods.

Buying Philosophy

Our family has lived in Oklahoma our entire lives and we love this great state. That is why we choose to buy all of our raw materials locally (if available), right here in Oklahoma! We do this because we want to keep a greater surplus of money and jobs in Oklahoma. We take great pleasure in knowing that we have the opportunity to better this wonderful state.
